

# Crosspoint 2016

The Bible mentions numbers a lot (there's even a book named after them). This report uses a whole bunch of amounts and statistics to celebrate what God is doing in our midst, and through our community of faithful givers.

# This is us, Crosspoint:

Generous people in our community love contributing to the things they see God doing around here.  
So they give, and we use that money to bless others.

ROMANS 8:11

And if the Spirit of him who raised Jesus from the dead is living in you, he who raised Christ from the dead will also give life to your mortal bodies because of his Spirit who lives in you.

# OPEN BOOKS. When you give, this is where it goes.

Every dollar that came in was counted, strategized, maximized and sharply invested into changing lives. We spent to meet people where they were—creating authentic, culturally current environments for them to connect with God. No phantom fat cats, no corporate sponsors, just regular people being ridiculously generous.

We are nowhere  
near finished....  
**we've  
only  
just  
begun.**

**These empty seats are our friends who still need to be reached.**

The imagery and numbers in this report are amazing. But they are only the beginning. Our team runs hard after our friends and neighbors, doing everything short of sinning to introduce them to a God who loves and pursues them. And our mission isn't complete until this city, this country, and this world gets changed. Jesus challenged his followers to be his witnesses not just in their home city, but to the ends of the earth (Acts 1:8). So that's what we'll do.

**We grow when you grow.** If you've connected with God at Crosspoint, that means someone else has invested money in your spiritual growth. Odds are, they won't hear your story. But that was never the point. When you invest in someone else's growth, you grow. Guaranteed.

## **Where do you start?**

If giving is new to you, here are 3 first steps:

**Pray:** Ask God what he wants you to give. It might be 10% or just the surrender of a monthly amount. That's between you & God.

**Give Something Up:** Some try giving up cable, some downsize, some kill the cat (JK.. No one gives up cable).

**Try it automatically:** Try automated giving online, in the APP, or automate on the envelope for 3 months and see if you even notice. Automatic deductions are sneaky little obedience-builders. Try it at [crosspointweb.org](http://crosspointweb.org) or in the Crosspoint APP by simply clicking the "GIVE" button.

## **If you're already giving:**

**Strong work, teammate.**

Keep listening to what God may be saying to you. When you sacrificially give, you change lives – most importantly, your own.
